

# DEBA UK LTD

## ENVIRONMENTAL POLICY STATEMENT

Deba UK Ltd provides cooling tower engineering and environmental services to enable our clients to comply with the Approved Code of Practice L8 for the control of Legionella bacteria in water systems and enhance the efficiency of their water cooling operations.

I am responsible for all matters relating to Deba's environmental management and the Directors of Deba UK Ltd believe that we have a moral obligation to preserve the planet for future generations

We are committed to the objective of maintaining, reviewing and continually improving our environmental performance and preventing pollution and unnecessary use of resources and energy.

I have overall responsibility for compliance with our environmental policy and will ensure that we:

- Endeavour to conduct our undertaking in such a way that adverse effects to the environment will be avoided or minimised so far, as is reasonably practicable.
- Inform employees on all environmental aspects and issues as they affect our undertaking, and employ standard operating practices to control the pollution of the working and general environment from noise, dust and hazardous substances.
- Openly address the environmental risks of the work we carry out and incorporate environmental risk management in all our project planning
- Monitor and review environmental procedures and audit compliance to ensure standards are being maintained whilst highlighting potential areas for improvement
- Require sub-contractors, designers and suppliers to adopt environmental policies and management systems that are satisfactory to us
- Set annual environmental objectives and targets, and monitor performance
- Reduce the environmental impacts of our work and their effects on our clients' premises and their local communities by adopting reasonable controls for preventing air, ground, water or noise pollution and keeping sites clean and tidy
- Communicate openly with our customers, partners, and other stakeholders who have an interest in our environmental policies, plans and performance
- Make use of opportunities to minimise waste and to reuse or recycle materials, complying with applicable legislation at all times
- Comply with applicable environmental legislation, regulations, codes of practice and other requirements relevant to our operations.
